## Magic of Spain Response to Frequently asked Questions

### How quick is order turnaround?

If you order by credit or debit card we aim to have your rugs with you within four working days of your order being made. We have to wait for cheques to clear, which takes a few days longer.

### What if I want the rugs sent as gifts?

There is a place in the order form to put the name and address details of the recipient. If you are ordering for more than one person please write the extra name and address details along with the exact product details for each person on a separate sheet of paper.

### Where do the rugs look good?

The rugs look particularly good on bare wood and tiled floors but they do complement any bare floors – and some people even place them on top of carpets. The larger sizes are suitable for sitting rooms and the smaller sizes for bedrooms, halls and even bathrooms. Above all they bring warmth and comfort to homes.

### What if I'm not happy with the rug?

If you are not happy with the rug please inform us immediately and return it to us within seven working days of receipt. We will endeavour to provide an alternative or a refund (although we cannot cover the cost of returning the rug to us).

### What if you have sold out of the rug that I want?

It is important that you order early. We have just had a new batch delivered especially for Latest Homes readers. However, because the rugs are handmade production is very slow. Currently we can only secure a few hundred a year. In the unlikely case that what you order is out of stock we can place a back order for you or provide an alternative style. We will contact you via telephone, email or mail to give you the choice of how to proceed.

### What about rug care?

The rugs are particularly hard wearing. They are machine washable and can be tumble dried to enhance the pile. They benefit from a shaking between washes.
